

REMARKS

The present paper is presented accompanying a U.S. National Phase Application under 35 U.S.C. §371 of PCT Application No. PCT/IL2004/001018. The aforementioned PCT application was filed November 8, 2004, claiming benefit of priority of Israeli Patent Application No. 158868, which was filed November 13, 2003. The foregoing amendment is presented to perfect the above priority claim in the specification.

The present paper presents an amendment to the specification in order to perfect the priority claim of the instant application and to provide an Abstract in compliance with the requirements of the format of a U.S. application. In addition, the above amendment to the claims also is presented in order to place the claims in conformance with U.S. practice by removing non-statutory "use" claims.

The Examiner is invited to contact the undersigned at the telephone number listed below if there are any questions with respect to this submission.

Dated: May 4, 2006

Respectfully submitted,
